

Business Roaming Price Guide

Pricing information for customers who plan to use their phone abroad, including destinations, UK allowance information and fair use policies.

Any plans with inclusive roaming please see the main Price Guide.

Any plans with Enterprise roaming, please see the Enterprise Roaming Price Guide

When roaming abroad, this is done on other networks, therefore we reserve the right to extend, withdraw or modify the terms in this Roaming Price Guide. This does not affect your Terms and Conditions, which you can visit at three.co.uk/terms-conditions

Effective from: 22.10.2025

About this price guide

This price guide specifically focuses on Roaming. Our core service to our customers is based on our UK network. We work with Networks abroad to try and ensure connectivity for our customers – wherever the destination. Costs to use networks abroad varies as does the ability to roam in certain destinations. This guide confirms the destinations outside of UK where our customers can currently roam.

Some customers will have inclusive Roaming plans where these costs do not apply. For more details please review the price guide relating to the period you entered into a contract with us. three.co.uk/terms-conditions/business/business-price-guides

How to contact us

For service-related queries, call Three on **337** from a Three phone, or **0333 338 1004** from any other phone. Lines are open UK time Monday-Friday 08:00-20:00, and Saturday 09:00-17:00. Lines are closed Sundays and Bank Holidays. Alternatively, you can visit a Three Store or chat to an agent online at three.co.uk/business/messaging

If you need to contact us while you're abroad, you will be charged at your standard roaming rate. This applies unless a customer has unlocked their Go Roam Allowance in a Go Roam destination, using minutes from their allowance and paying any relevant daily charge.

How we charge you whilst you're abroad

Using your phone abroad

When you use your device abroad to call, text and get online, charges depend on the country you are in and the country you are contacting.

We have grouped destinations for convenience as follows:

Go Roam

- Go Roam in Europe
- Go Roam Around the World
- Go Roam Around the World Extra – Launched 26/06/24

Other destinations (Rest of the World)

- Band 0
- Band 1
- Band 2
- Band 3
- Band 4

In Go Roam destinations you may make use of your UK allowance (subject to fair use policy) to contact a UK number (starting 01, 02, 03 or a standard UK mobile) as you would in the UK, subject to the allowance being unlocked as follows:

- Payment of a Daily Roaming Charge (24 hours), or
- Purchase of a Go Roam pass add-on (3-day, 7-day, 14-day, 28-day or 56-day), or
- Inclusive Go Roam as part of your contract plan.

Unless stated at the point of purchase, roaming is switched on automatically for you. Three will text you about call charges and roaming rates when you visit any destination we have a network agreement with.

How we charge you whilst you're abroad

The Destinations with brackets are showing the parent network destination – if you visit these destinations, the parent network will likely show in your text message from Three relating to charges.

Daily Charges in Go Roam destinations

For a fixed daily charge, set out below, you can use your UK allowance in any of our Go Roam destinations to contact a UK number (starting 01, 02, 03 or a standard UK mobile), Fair use policies apply.

These charges won't apply if you have roaming passes available (such as any included in your plan, or those which you have purchased as add-ons).

Where are you roaming	Daily charge to unlock your UK allowance	
Destinations in	Inc VAT	Ex VAT
Go Roam in Europe*	£2	£1.67*
Go Roam Around the World	£5	n/a
Go Roam Around the World Extra	£7	n/a

* For Go Roam in Europe, VAT is only applicable in EU destinations. Republic of Ireland and Isle of Man are excluded from a daily roaming charge.

Our Fair Usage policy

When unlocking access to your UK allowance, we do impose a Fair Usage cap when abroad in Go Roam destinations as follows:

Destination	Voice (minutes)	Texts	Data (GB)
Go Roam in Europe	Unlimited	Unlimited	12GB
Go Roam Around the World	3,000	5,000	12GB
Go Roam Around the World Extra			

When roaming in the Republic of Ireland, fair usage limits do not apply.

All usage over a Customers UK allowance will be subject to Three's standard roaming rates (shown under Charges whilst roaming in Go Roam destinations). Customers can only use up to their allowance for both the UK and abroad Fair usage combined within a billing month. i.e. if you have 20GB data and have already used 10GB in the UK, you'll have 10GB to use abroad. For plans with a data allowance less than 12GB, you can only use up to your UK data allowance.

Go Roam is intended for UK customers, who are UK residents visiting one of the destinations for short periods, like holidays or business trips. It isn't designed for people who live abroad or stay for extended periods.

If Customer is exempt from the daily roaming charge, a fair use limit applies as follows: if during any 4 month period, Customers roam in Go Roam destinations for 60 days or more, additional roaming charges may apply. Customers shall be notified before charges are applied.

If a User roams exclusively in any international destinations for any two complete months in a rolling 12-month period or excessively, Three may suspend international roaming for that User(s) or Customer, meaning that User(s) or Customer will no longer be able to use their Device or allowances abroad. Three will let Customer know in advance if this is likely to happen.

Go Roam in Europe

- There are no fair use limits for calls made or texts sent from any available UK allowance to standard landlines or mobile numbers within Go Roam in Europe destinations, or back to the UK.
- The Customer can use the allowance to create a personal hotspot in a Go Roam in Europe destination.

Go Roam Around the World and Go Roam Around the World Extra

- If a Customer has a plan that includes text, they can send up to 5,000 texts back to the UK each month
- If a User has a plan that includes voice minutes, they can talk for up to 3,000 minutes on calls made to standard UK landlines/mobile numbers each month.

About this Price Guide

How to contact us

Using your phone abroad

Charge bands and destinations

- Go Roam in Europe
- Go Roam Around the World
- Go Roam Around the World Extra

Daily Charges in Go Roam Destinations

- Fair Use Policies
- Internet and Data charges
- Out of Allowance charges

Bands and Charges in other destinations (Rest of the World)

Customers excluded from Go Roam Around the World Extra

How we charge you whilst you're abroad

Internet and Data usage abroad

Your usage abroad comes from your UK allowance. If you have a UK data allowance greater than 12GB, you can use up to 12GB of data in a billing month in our Go Roam Destinations. If you use 12GB and still have remaining UK data allowance available, you can continue to use your data, but this is subject to a surcharge; Within a billing month, both your usage in the UK and abroad will go towards your total usage i.e. if you have 20GB data and have already used 10GB in the UK, you'll have 10GB to use abroad.

Per MB of Data costs

Customer is using Data IN	Where customer still has UK allowance, but over the Go Roam 12GB cap (pence per MB)	Where customer has no UK allowance left (pence per MB)
Go Roam in Europe (EU) Ex/Inc VAT	0.25p/0.3p	0.83p/1p
Go Roam in Europe (Non EU)	0.3p	1p
Go Roam Around the World	0.3p	1p
Go Roam Around the World Extra	0.3p	1p

Data charges are for data sent and received, and are calculated to the nearest kilobyte.

The speed and availability of Internet access when abroad will depend on a number of factors, including which network you are roaming on and the services available. For example, 5G networks may not be available, in which case you may only be able to access 3G/4G speeds. Other factors which may affect the speeds experienced include distance from the nearest mast, location in a building, local geography, and the type of device used. Certain services such as audio and/or video streaming may be slower than in the UK as a result.

Worldwide Data Roaming Limit

Three have set up a worldwide data roaming limit of £45 per SIM to stop Customers spending too much. If a Customer prefers, this limit can be removed by contacting Three's dedicated business support team on 337 from a Three phone.

At 80% and 100% of allowance usage, the User will receive service consumption notifications. Following the User using 100% of their allowance, Charges for continued usage will apply thereafter as set out in this Price Guide.

If you have placed a spend cap on your account/SIM this may stop your being able to use your phone abroad in regards to daily charges and/or overage charges. In these cases, your phone will cease to perform calls/texts or data usage.

- To ensure all Customers can benefit from Go Roam, Three reserves the right to apply a surcharge in case of abusive use, and may monitor usage and presence.
- Go Roam is applicable to Voice and MBB Business Plans and Business Adapt Plans. Fair usage applies to each line on the Adapt Plans.
- Go Roam is intended for UK customers, who are UK residents visiting one of the destinations for short periods, like holidays or business trips. It isn't designed for people who live abroad or stay for extended periods.
- *Inclusive plans may have further conditions to consider, please check the main [Price Guide](#) for details
- If a User roams exclusively in any international destinations for any two complete months in a rolling 12-month period or excessively, Three may suspend international roaming for that User(s) or Customer, meaning that User(s) or Customer will no longer be able to use their Device or allowances abroad. Three will let Customer know in advance if this is likely to happen.

Please note: Three reserves the right to suspend this service if Three reasonably believes that the Customer and/or User(s) are in contravention of the fair use requirements set out in the Terms and Conditions. Three reserves the right to extend, withdraw, or modify the terms, including this Price Guide, or Go Roam and/or the destinations or services included at any time

How we charge you whilst you're abroad

How we charge whilst you're abroad

- The daily roaming charge is automatically applied (unless inclusive in your plan) when you use any of your UK allowances in a Go Roam destination including making calls, sending texts or using data. Once triggered, the charge unlocks your UK allowance for 24 hours in Go Roam destinations. If you have set a Spend Cap, you will need to ensure that it is at a level which permits the daily charge to be applied. If this daily charge cannot be made, you will not be able to use your device in Go Roam destinations.
- If you have placed a spend cap on your account/SIM this may stop you being able to use your phone abroad in regards to daily charges, overage charges or/and standard roaming rates. In these cases, your phone will cease to perform calls/texts or data usage.
- If you do not have a sufficient allowance (Plan or Add-on), charges will be applied according to our Out of Allowance rates
- Costs for calls made and received while abroad are treated as follows;
 - Calls to standard landlines and mobile numbers made in an EU country are charged by the second and have a 30-second minimum charge, unless otherwise stated in this price guide
 - Calls made in a non-EU country are charged per minute, rounded up to the next minute and have a one-minute minimum charge, unless otherwise stated in this price guide
 - Calls received in a non-EU country are charged by the second and have a one-minute minimum charge.
- Each text message can accommodate up to 160 characters. Long messages will be sent across numerous text messages, and these will be charged separately. Where a message contains non-standard characters (such as emojis), the message may be sent as an MMS. When the User sends messages to several recipients at the same time, the Customer will be charged separately for each recipient.
- Voice minutes to standard landlines and mobile numbers, Texts and Data will always be consumed from an available Add-on before any available credit is used.
- To help you manage your roaming costs when travelling, we'll send you a text message about call charges and roaming rates for each country you visit.
- If you pick up your voicemail while you're abroad, you will be charged at your standard roaming rate. This applies unless a customer has unlocked their Go Roam Allowance in a Go Roam destination, using minutes from their allowance.
- If you need to contact us while you're abroad, you will be charged at your standard roaming rate. This applies unless a customer has unlocked their Go Roam Allowance in a Go Roam destination, using minutes from their allowance.
