Price

Standard UK rates for voice calls, texts and data:

Voice calls to standard UK landlines (starting 01, 02, 03), and standard UK mobiles (any network) and your Three voicemail	35p/minute
Texts (excluding SMS shortcodes)	15p/text
Data	10p/MB

Depending on when and where you purchased your SIM, different options may apply. Check which Pay As You Go plan you have at three.co.uk/terms-conditions/price-guides. You may also purchase Data Packs or Add-Ons which give you minutes, texts and more data for your money. If you have purchased a SIM with an Add-On or Data Pack, your allowances will be listed on the Pack. For information on charges not included in our Standard rates see your Price Guide at three.co.uk/terms-conditions/price-guides.

3G Network

Throughout 2023 and 2024, we will be making changes to and upgrading the Three Network. Following some of these, you will need a 4G or 5G handset capable of making voice calls on the 4G network, or a 4G or 5G router to access the Three Services. 3G-only Devices, and early 4G handsets that can only make 3G voice calls, will no longer work on the Three Network, in areas where planned work is carried out. For more information about coverage, go to Three.co.uk/coverage.

Duration, renewal and termination

You can end your Pay As You Go Agreement at any time by stopping your use of Three Services. If within a 180 day period you have not made any chargeable events or activities (for example, made a call, sent a text or photo messages, accessed data or any other Three Services for which a charge is made), we may suspend the Three Services or disconnect you. If you opt to Auto-Renew your Data Pack on a monthly basis, you can stop the auto-renewal at any time before the date your pack renews on the Three Pay As You Go app or online in My3.
