Purchases from Three

We always hope you're happy with your new purchase, whether it's a Device or Accessory, and/or a service agreement for telephone services as a consumer, but just in case you're not, here's how you can return or exchange it.

Where did you buy your Device?

3Store

If you bought your Device from one of our 3Stores, you may exchange it within 7 days of purchase. You'll need to go back to the same 3Store you bought your Device from.

If you're thinking about exchanging your Device you must return your Device in "as new" and "unused" condition. "Unused" means that you must not use the Device to make or receive any calls (both voice and video), send or receive texts or use the internet. If you've bought an Apple Device from a 3Store this includes removing the cellophane wrapping.

"As new" means you must also make sure that your Device, packaging, manuals, accessories and any "free gifts" supplied are complete and are not damaged or marked. If anything is missing you may be charged for these. We will not accept the return of any used, damaged or marked Devices. You'll also need to provide your receipt as proof of purchase.

Three.co.uk or Telesales

You can exchange or return your Device within 14 days from the day you received it Three.co.uk - call us on 0333 300 0330 (standard call charges apply).
Telesales - call us on 0333 338 1001 (standard call charges apply).

Exchanges

If you just want to change your Device or Accessory you bought from us, you have 14 days to exchange it. We have the right to only offer you a refreshed Device in exchange.

Returns

If you bought your purchase from Three.co.uk or our Telesales, you can also return your Device or Accessory and cancel your contract within 14 days of purchase, or, if you've bought a Device, but didn't receive it immediately, within 14 days of receiving your new Device or Accessory. If you have entered into a Three Services agreement without any equipment, you'll have 14 days from the date of your agreement to cancel.

Very important bits

- If you want to return or exchange your Device it must be in an "as new" condition or you may be charged for any damage or marks.
- You can use our Services (such as calling, texting and using the internet) during the 14 day returns / exchange period, but you may be charged for any Services you use before cancelling any contract. Please remember that it can take up to 3 months for some Services to be applied to your bill.
- Where we give a refund it'll be in the same form as the original payment.

All returns or exchanges

If you return or exchange your Device and/or Accessory, they must be in their original condition and packaging, exactly as you got them. If you haven't got all the original packaging for any reason, tell the advisor when you're arranging your exchange / return and they'll send you packing equipment and instructions if necessary. If you don't return your Device in an "as new" condition, then we will need to charge you for any missing or damaged pieces. Please refer to the Price Guide for more information.

When we say "as new" we mean the Device, packaging, manual, all Boxed Accessories and any free gifts that came with the Device are all undamaged and don't have any marks on them.

For hygiene reasons we can't accept returns or exchanges on some Accessories, like headsets, where the packaging has been opened or had the seal broken. If these were supplied with a Device which you want to return, you may be charged for them - see the Price Guide for more information.

Please make sure you package your Device exactly as the advisor asks you to. You're responsible for the Device until we receive it and the Royal Mail may destroy incorrectly packed Devices.

Other retailers that aren't Three

This Policy doesn't apply to Devices (Phone, Dongle, Mobile Wi-Fi, Tablet or Laptop) or accessories purchased from someone other than Three.

If you purchased your Device or Accessory from another retailer, you'll need to check with them to see what their returns and exchanges policy is. If your retailer permits you to return your Device under their policy and you've used any of our Services, we may charge you for what you've used.

If you want to cancel your service agreement with Three call us on 0333 338 1001 (standard call charges apply).

Are you a business customer?

Contact your Account Manager or call us on 0333 338 1004 (standard call charges apply.)

5. What we will provide for you

A Three phone number and SIM

- 5.1 We will open an account for you and provide you with a SIM and a Three phone number (and we may agree to provide you with additional SIMs and phone numbers on your request).
- 5.2 We own each SIM and each SIM remains our property at all times. You are being allowed to use the SIM by us on a limited licence to enable you to access Three Services, in accordance with the terms of this agreement. We may recall the SIM(s) at any time for upgrades, modifications, misuse or when your agreement ends. You can only use our SIM to obtain Services from us.
- 5.3 Each SIM may only be used in Devices which are enabled for Three Services and are authorised by us for Connection to the Three network. Any attempt to use the SIM in other devices may result in serious damage to the device and may prevent you from being able to use it, including the making of emergency calls. In these instances, we are not responsible for any such damage or usage problems.
- which may be lost during the Device unlocking process.
- 5.4 You can move your existing phone number to Three. First, you need to ask your previous mobile network operator for your porting authorisation code (PAC), and then you will need to give your PAC to us. Once we have verified the details of your porting request, we will confirm the date when your phone number will be moved to Three. If the move is delayed and the delay is our fault, you will receive compensation on your Three account within 30 days. For anything else, just get in touch at three.co.uk/contact_us. Guidance on our switching process is available on our support pages: three.co.uk/support/switching. You can move your Three phone number to another mobile network operator. First, you need to ask us for your PAC. Once we've checked the details of your request, we'll give you your PAC which must be used within the time specified. Your Three Services will be discontinued once your number has been successfully transferred. If you move your Three phone number to another mobile network operator within your Minimum Term (if you have one), you must pay us all the Charges you owe, plus any Cancellation Fee for your Plan. Guidance on our switching process is available on our support pages: three.co.uk/support/switching.

Three Services

- 5.4 Once you are Connected to Three:
- (a) we will provide you with access to our Services. The Three Services will include Premium Services (which may require our prior approval for you to use some of those Premium Services) and may also include Age Restricted Services, provided you are 18 or over and you do not show or send any content from the Age Restricted Services to anyone under 18.
 - (b) you can make free calls to emergency services from your Phone by calling 999 or 112.
 - (i) When you are outside of Three's coverage area in the UK, your Phone will try to locate another mobile network so that you can try to contact the emergency services (however, neither your mobile telephone number nor your location data will be transmitted to the emergency services in these circumstances).
 - (ii) If you need to contact the emergency services whilst you are roaming abroad, you will need to call 112 (this number is recognised by most mobile operators worldwide) or the local emergency services number, however your location data may not be transmitted.
 - (iii) If you want to call the emergency services with our WiFi Calling service, please note that your call may be interrupted or end if you have a power cut or your internet connection fails. If you are having problems connecting with WiFi you may wish to use a mobile or fixed network connection (instead of WiFi) and/or register (and keep us up to date) on the address where you plan to use our WiFi calling services (so we have your latest location information to hand for emergency organisations in case of an emergency). You may also be asked to confirm or provide your location when making an emergency call (to help emergency organisations identify the services you need). Please also note that emergency service calls can't be made using Skype on your Phone. If you have difficulties hearing or are speech impaired and you need emergency assistance, you can send a text message with details of your location to 999 or 112 - the text will be converted and passed to the appropriate emergency service but you will need to register your Phone before you can use this service - details on how to do this are available at www.emergencysms.org.uk
 - (iv) If you have a Device that operates on Android operating system 2.3 and above, on calling 999 or 112 while in the UK and connected via the Three network, your Location Data may be automatically transmitted to the emergency services to help them locate you.
- 5.5 You will also be able to upload and send your own content using the Three Services. You grant us an irrevocable, royalty free, perpetual and worldwide licence to store, transmit or otherwise deal with any content you upload on the Three Services. If you choose to use the POP3 polling features in our Messaging Services, you are appointing us as your agent for enabling the POP3 polling Services to be provided to you.

- 5.6 We may:
- (a) change or withdraw some, or part, of the Three Services from time to time. This may be because of changing technologies, obsolescence, new or different product features, changing content providers or the need to remove, replace or modify content. Depending upon the changes that are made, you may have a right to end this agreement, as explained in sections 4;
 - (b) also determine how Three Services are presented and delivered to the Device or are otherwise made available to you. We can change the way they are presented, delivered or otherwise made available to you at any time;
 - (c) I use TrafficSense™ across our network to protect the network and to ensure an enjoyable internet experience for the vast majority of our customers. For details see [Three.co.uk/trafficsense](https://three.co.uk/trafficsense). We reserve the right to review and amend such measures from time to time.

Limitation of Three Services

- 5.7 We will always try to make Three Services available to you. However, Three Services are only available within Three's coverage area within the UK. Within this, there may be areas where you do not have access to all Three Services or where coverage or network speeds are otherwise limited or unavailable. Throughout 2023 and 2024, we will be making changes and upgrading the Three Network. Following some of these changes, you will need a 4G or 5G handset capable of making voice calls on the 4G network, or a 4G or 5G router to access the Three Services. 3G-only devices, and early 4G handsets that can only make 3G voice calls, will no longer work on the Three Network, in areas where planned work is carried out. For more information about coverage, go to [Three.co.uk/coverage](https://three.co.uk/coverage). The data speeds that you'll experience on our network will vary due to a number of factors including your distance from the nearest mast. Your location in a building, local geography, congestion and the type of equipment that you're using - for example, you'll only be able to enjoy 4G speeds if you're in a 4G coverage area and using a 4G device.

Disruption to Three Services

- 5.8 There may be situations when Three Services are not continuously available or the quality or network speeds are affected and so we cannot guarantee continuous fault-free service. For instance:
- (a) when we need to perform upgrading, maintenance or other work on the Three Network or Three Services;
 - (b) when you move outside Three's 3G service area whilst you are on a call (in this case calls may not be maintained);
 - (c) when you are in areas not covered by the Three Network. In these cases Three Services relies on other operators' networks where we have no control; and
 - (d) because of other factors outside our control, such as the features or functionality of your Device, regulatory requirements, lack of capacity, interruptions to Services from other suppliers, faults in other communication networks, the weather or radio interference caused by hills, tunnels or other physical obstructions.
 - (e) In the event that you experience continuous or regularly recurring disruption to Three Services, please contact us as set out in section 7 (Your Rights - Complaints) and we will work with you to find an appropriate resolution for your particular circumstances.

6. What you will do in return

Secure your PIN, Passwords and SIM

- 6.1 As we own the SIM and it remains our property at all times, you must ensure that you keep the SIM safe and secure whilst it is in your possession and you must ensure that you are able to return it to us, if required to do so by us at any time, as set out in these terms. We may charge you for any replacement SIM (as set out in our Price Guide), unless, of course, it is defective through faulty design or workmanship.
- 6.2 You must keep all PINs and passwords secure and confidential. You are also responsible for the security of your Device and must ensure that you keep it secure (refer to the Device manufacturer's user guide for details of how to keep your Device secure). You must also keep any PINs or passwords for any services you access through your Device secure and confidential. You should immediately change your PIN or password if you become aware that someone is accessing Three Services on your account without your permission.

Responsible use of Three Services

- 6.3 You may only use Three Services:
- (a) as laid out in this agreement; and
 - (b) for your own personal use. This means you must not resell or commercially exploit any of the Three Services or content.
- 6.4 You must not use Three Services, the SIM or Three phone number or allow anyone else to use Three Services, the SIM or Three phone number for illegal or improper uses. For example:

- (a) for fraudulent, criminal or other illegal activity;
 - (b) in any way which breaches another person's rights, including copyright or other intellectual property rights;
 - (c) to copy, store, modify, publish or distribute Three Services or their content, except where we give you permission;
 - (d) to download, send or upload content of an excessive size, quantity or frequency. We will contact you if your use is excessive;
 - (e) in any way which breaches any security or other safeguards or in any other way which harms or interferes with the Three Network, the networks or systems of others or Three Services;
 - (f) to falsify or delete any author attributions, legal or other proper notices or proprietary designation or labels of the origin or source of software or other content contained in a file that you upload; or
 - (g) to use or provide to others any directory or details about Three customers.
- 6.5 You must always co-operate with us and follow our reasonable instructions to ensure the proper use and security of your Three Services and account. You must only use Devices and Accessories authorised by us for Connection to the Three Network and also comply with all relevant legislation relating to their use.
- 6.6 We have published an acceptable use policy and a traffic management policy which provide more details about the rules for use of certain Three Services in order to ensure, for example, that use of Three Services is not excessive, to combat fraud, to protect Three's employees from abuse or harassment and where Three Services we offer or may introduce require certain rules to ensure they can be enjoyed by our customers. This policy is available on our website and may be amended from time to time, for instance, if we discover that the Three Services are being used fraudulently or for fraudulent purposes, or the excessive use of certain Three Services is causing problems for Three, its systems or for other users, or if we introduce new services which may require certain rules to ensure that such new services can be enjoyed by our customers. Again, we will let you know if this happens.

Responsible use of Messaging and Storage Services

- 6.7 While using the Messaging Services, you must not send or upload:
- (a) anything that is copyright protected, unless you have permission;
 - (b) unsolicited bulk or commercial communications or other unauthorised communications, or knowingly send any viruses; or
 - (c) anything that is obscene, offensive, abusive, defamatory, menacing, harassing, threatening or is unlawful in any other way.
- 6.8 We may put limits on the use of certain Three Services, such as Messaging Services or Storage Services. For example, we may limit the size of messages or storage space.
- 6.9 While we have no obligation to monitor the Messaging Services or Storage Services, if you exceed our use limits set out in our fair use policy (which is published as part of our Price Guide and is available on our website or from Three Customer Services), or we are made aware of any issues with your use of these Three Services (for example, if we are made aware that you are using Three Services in any of the ways prohibited in Section 6.8 above) we reserve the right to remove or refuse to send or store content on your behalf. You may still be charged for any content which is blocked or removed.

Responsible use of Age Restricted Services

- 6.10 If you are under 18, you are not permitted to access our Age Restricted Services (if any). If you are 18 or over and you access the Age Restricted Services, you must not show or send content from the Age Restricted Services to anyone under 18. You must also ensure that you have deactivated any access to Age Restricted Services if you let anyone under 18 use your Device.

Responsible use of Three Services outside the UK

- 6.11 If you use Three Services from a country outside the UK:
- (a) your use of the Three Services may be subject to laws and regulations that apply in that other country. We are not liable for your failure to comply with those laws or regulations;
 - (b) you will be roaming on another operator's network, so you may not receive the same level of coverage as you're used to on Three's Network. When you go online, data speeds may be slower as well. We have no liability if you are not able to access services abroad, or if the quality of any other operator's network services differs from those provided on our Three Network.

Paying your Bills

- 6.12 You must pay us all Charges in connection with all Three Services relating to the SIM(s) we supply you or which are accessed using your Device(s). You must pay the monthly fee, whether or not voice Units, text Units and/or data Units that are consumed by you or by another person, with or without your permission. You must also pay for all Three Services which do not involve a conversion of voice Units, text Units and/or data Units within your allowance and which are accessed using the SIM(s) we supply you or which are accessed using your Device(s),

whether the Three Services are accessed by you or by another person, with or without your permission. If any of the SIMs or Device(s) are lost or stolen (either separately or with any of your Devices), you remain responsible for all the Charges to your account until you tell us what happened and arrange for your SIM(s) and Device(s) to be deactivated.

- 6.13 We will send you a bill on a periodic basis and this will usually be done monthly. However, we reserve the right to change this period (and we would give you at least 14 days' notice of this).
- 6.14 Your bill will normally include your Monthly Charge for your Package for the next billing period and any administration fees along with Charges for your use of the Three Services in the UK in the last period and outside the UK in prior periods (so far as not within your allowance). If your Package includes an allowance, this will be made up of voice Units, text Units and/or data Units which are convertible into a certain number of voice minutes or text messages, and/or a certain amount of data each month. On your bill, we will include the "per unit" cost for your allowance to help you understand the value you're getting from your Package. If you have not used all of that monthly allowance by the time we bill you it will expire and your monthly allowance will then start again on each monthly bill date (which you will see on your bill).
- 6.15 Charges on your bill are shown inclusive of VAT (where appropriate), unless you're a business customer, in which case, VAT will be added to your bill where appropriate. You can request a VAT invoice by calling 333 free from a Three phone or by calling Customer Services.
- 6.16 You must make your payment by the due date and by one of the payment methods stated on your bill. However, we may also submit an interim bill or require an immediate payment if we think you have exceeded a reasonable limit on your account.
- 6.17 As described in Section 6.14 above, we will send you a bill on a periodic basis, which will usually be monthly. The bill will state the amount of the Charges due from you and the due date by which you must make payment. We will notify you at least 30 days in advance of any change in your payment date. If you fail to pay your account on time, you will be breaking your agreement and we may Suspend or Disconnect you. In this case, you will have to pay any outstanding Charges. We may set a credit limit on your account. If you exceed the credit limit we set, we may Suspend any or all of the Three Services you use until you have made a payment to your account. You should not use the credit limit for budgeting as the amount you owe is not capped or limited by any credit limit we set.
- 6.18 We may need to take legal or other collection action against you for non-payment of Charges. This could mean you have to pay our costs and expenses, or the costs and expenses of our assignees, including legal costs, with interest added daily.
- 6.19 If you use your Device to buy goods and services from third parties, you are responsible for paying any bill they may send you or any charges you incur in respect of their goods or services.

Responsible use of Go Roam

- 6.20 Use of Three Services in our Go Roam destinations is subject to our fair use policies, as published in your Price Guide, which may be updated from time to time. See www.Three.co.uk/priceguide for full details:
 - (a) If you use Three Services in our Go Roam in Europe destinations, you can use a portion of your data allowance each month at no extra cost, as set out in your Price Guide. Any use in excess of this monthly fair use limit, but within any available data allowance, will be subject to a surcharge, as set out in your Price Guide. There are no fair use limits for calls made or texts sent to standard mobile or landline numbers within our Go Roam in Europe destinations or back to the UK.
 - (b) If you use Three Services in our Go Roam Around the World destinations, you can use a portion of your allowance of voice minutes, texts and data each month at no extra cost, as set out in your Price Guide. If you exceed this monthly fair use limit for data, your data usage may be blocked in our Go Roam Around the World destinations until your next billing period. If you exceed any of these fair use limits for any two months within a rolling 12-month period, we have the right to suspend international roaming on your account, meaning you will no longer be able to use your device or allowances abroad. We'll let you know in advance if this is likely to happen.
 - (c) If you roam exclusively in one or more of our Go Roam destinations (including both Go Roam in Europe and Go Roam Around the World) for any two complete months in a rolling 12-month period, we may suspend international roaming on your account, meaning you will no longer be able to use your device or allowances abroad. We'll let you know in advance if this is likely to happen. If you spend a full month abroad but some of that time is spent in a destination that isn't included in Go Roam, this fair use policy won't apply.

7. Your Rights - Complaints

- 7.1 If you are unhappy about any aspect of our Three Services, you should contact Three Customer Services.
- 7.2 We will investigate any complaint in accordance with our customer complaints code, after which we will contact you with the results. A copy of our customer complaints code can be viewed on our website at Three.co.uk/complaints or you can request a copy by contacting Three Customer Services.

Information.

(a) Credit Referencing, Identity Checks and Fraud Prevention

- (i) In order to process your application, we will perform credit and identity checks on you with one or more credit reference agencies ("CRAs") such as Call Credit, Experian and Equifax. To do this, we will supply your personal information to CRAs and they will give us information about you. This will include information from your credit application and about your financial situation and financial history. CRAs will supply to us both public (including the electoral register) and shared credit, financial situation and financial history information and fraud prevention information. We will use this information to:
- Assess your creditworthiness and whether you can afford to take the product;
 - Verify the accuracy of the data you have provided to us;
 - Prevent criminal activity, fraud and money laundering;
 - Manage your account(s);
 - Trace and recover debts; and
 - Ensure any offers provided to you are appropriate to your circumstances.

We will continue to exchange information about you with CRAs while you have a relationship with us. We will also inform the CRAs about your settled accounts. If you borrow and do not repay in full and on time, CRAs will record the outstanding debt. This information may be supplied to other organisations by CRAs.

When CRAs receive a search from us they will place a search footprint on your credit file that may be seen by other lenders.

If you are making a joint application, or tell us that you have a spouse or financial associate, we will link your records together, so you should make sure you discuss this with them, and share with them this information, before lodging the application. CRAs will also link your records together and these links will remain on your and their files until such time as you or your partner successfully files for a disassociation with the CRAs to break that link.

The identities of the CRAs, their role also as fraud prevention agencies, the data they hold, the ways in which they use and share personal information, data retention periods and your data protection rights with the CRAs are explained in more detail in the Credit Reference Agency Information Notice ("CRAIN").

CRAIN is also accessible from each of the three CRAs – clicking on any of these three links will also take you to the same CRAIN document: Call credit www.transunion.co.uk/crain; Equifax www.equifax.co.uk/crain; Experian www.experian.co.uk/crain.

We'll use a combination of credit scoring and/or automated decision making systems when assessing your application.
